KFAC VI - Final Pod Assignments

Here it is... the list has gone to print, boats are being assigned and this is how our pack of 330+ kayakers will look as we leave the beach this Saturday morning.

Should you have a catastrophic issue (such as not being on the list), please contact Steve. Please note, NO pod changes can be made at this point.

Thanks for making this the largest crossing to date and we look forward to seeing you all on the water!

“Able Planet develops technologies that enable people with all levels of hearing to participate in more active lifestyles,” said Kevin Semcken, President & CEO of Able Planet. “So we are proud to support Gerald, Joseph and the team who are also paddling for people that need a special boost. Please join us in sponsoring Team Able Planet by visiting www.kayakforacause.com.”

About Able Planet:

Able Planet is an innovative technology company that designs and manufactures award-winning audio and communication devices for all levels of hearing and for hearing preservation. Through innovations such as the new patent-pending LINX AUDIO™, hundreds of millions of people with hearing loss will now have access to the world of sound and communications, and be able to participate in more active lifestyles. Additionally, LINX AUDIO helps preserve hearing by providing superior sound quality and speech clarity even at lower volumes enabling people to “Turn it Down™,” without compromising full rich sound.

About Kayak for a Cause

Kayak for A Cause was created as a way to blend our love of the sport with our commitment to helping good causes. Each year, kayakers join together to cross Long Island Sound and raise money for their favorite charities, most of which work to protect our local waters, environment and community.

Please visit www.kayakforacause.com for more information.
